The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Village of Arlington Sewer Treatment Plant project in Fiscal Year 2027. The entity to receive funding for this project is the Village of Arlington Sewer Department, located at 200 Commercial Street, Arlington, WI 53911.

The funding would be used to upgrade and modernize the Village's existing wastewater treatment facility, including replacement of aging infrastructure and construction of new treatment components necessary to meet current regulatory standards. The project is an appropriate use of taxpayer funds because upgrading the wastewater infrastructure is necessary to maintain the Village's municipal sewer system and ensure continued wastewater treatment operations.

This project has a federal nexus because it is for the purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a)(2).

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Glenn Grothman".
