The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Concordia University Wisconsin Engineering Lab project in Fiscal Year 2027. The entity to receive funding for this project is Concordia University Wisconsin located at 12800 N. Lake Shore Drive, Mequon, WI 53097.

The funding would be used for the purchase of specialized engineering laboratory equipment to enhance hands-on instruction and technical training at Concordia University Wisconsin. This equipment will support student learning across multiple engineering disciplines and improve the university's ability to provide practical, applied education. The project is an appropriate use of taxpayer funds because modern engineering equipment is necessary to ensure students are trained using current technologies and are prepared to meet workforce demands in high-skilled fields.

This project has a federal nexus because it is for the purposes authorized in section 272 of title 15, United States Code.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

A handwritten signature in cursive script that reads "Glenn Grothman".
